

# HARDING PARTY IN FAMOUS OLD ALASKAN TOWN

## Stop in World-Known and Picturesque Skagway

(By The Associated Press)  
SKAGWAY, Alaska, July 11.—This small but once world known town lying at the head of Lynn Canal with the visit of President Harding and the members of his party today got its greatest thrill since the memorable days of '97 and '98 when hardy men by the thousands came here bound for the Yukon and a fortune. The transport Henderson bearing the president's Alaska party arrived here at noon after a short trip from Juneau.

Members of the president's party found Skagway a picturesque little town with a population of 500 nestling among the glacier-crowned mountain peaks, quiet, with only a few reminders of the time when it was known as one of the "wildest" and gayest places of the frontier. Here it was that those who had come under the "spell of the Yukon" outfitted for the toilsome climb over the summit of White Pass and then to brave the dangers of Miles Canyon, White Horse Rapids, Five Finger and Rink Rapids and other perils met by those seeking the yellow metal.

The rain which marked yesterday's visit to Juneau had ceased and the sun often broke thru the clouds revealing the beauties of the glaciers reaching down from the mountains along Lynn Canal. While in Skagway the president went to the hotel kept by Mrs. H. S. Pullen whose son Royal, now a colonel in the United States army, was a famous football captain a few years ago at West Point.

At the hotel the president made a brief address in which he spoke of the romance of Skagway's history. Mrs. Harding was presented with several bouquets of flowers among them one of Great Dahlias with blooms nearly a foot in diameter. The Henderson sailed this afternoon for Seward, on Resurrection Bay.

Recalling a vacation trip in the mountains last year spent with the late John Muir, Henry Ford and others, the president directed that the Henderson on the way to Seward pass by Muir Glacier, named for the famous naturalist.

# TRAIN HITS AUTO KILLING FIVE AND INJURING TWO

## Auto Was Stalled on Track When Accident Occurred

(By The Associated Press)  
Terre Haute, Ind., July 11.—Five persons were instantly killed and two seriously injured near here late today when a motor car which had stalled on the tracks of the Big Four railroad was struck by a passenger train.

The dead are:  
Jack Ellis, Mary Ellis and a daughter, Lily Ellis, 16.  
Margaret Dunlap, 13, Seeleyville.

Ernestine Dunlap, 14.  
The injured were:  
Mrs. Fred Sterchi and her daughter, Dorothy, 8, of Seeleyville.

Sam Sterchi, 13 month old son of Mrs. Sterchi escaped injury in the wreckage of the car, which was hurled 100 feet.

Members of the train crew said it appeared that the engine died as the car reached the crossing. The automobile was not moving when it was hit.

# LIGHTNING KILLS THREE

Baltimore, Md., July 11.—Three members of the Fifth Regiment Maryland National Guard at Camp Saunders, were killed tonight when a bolt of lightning struck in a group of men.

Ten soldiers were reported injured.

# LAKE COUNTY JURY TRIAL TAKES AN UNEXPECTED TURN

## May Result in Prolonging it Thru the Entire Summer

(By The Associated Press)  
WAUKEGAN, Ill., July 11.—(By The A. P.)—Lake county's jury trial growing out of the acquittal of Governor Small last summer shot off at an unexpected tangent today, which gave promise in the language of the defense counsel of extending the trial thru the entire summer.

The question at issue concerns the sanity of Thomas E. Somerville of Antioch, one of the state's star witnesses in the present trial of John B. Fields, Eddie Courtney and Eddie Kaufman on charges of conspiracy to corrupt the jury which freed the state executive. Somerville in his testimony last week pointed out Courtney in the courtroom as the man who approached him in Antioch in April 1922, after he had been summoned as a ventriloquist in the Small trial, and urged him "to look after the governor," some mention was made and said of "a state job."

The testimony thus far is the only evidence produced by the state connecting Courtney with the present trial.

**Defense Springs Surprise**

The defense threw a bombshell into the proceedings today by announcing to the court that Somerville's sanity was questioned since evidence came to light following his testimony that he had been committed to the Elgin hospital for the insane in 1920. The issue was taken into chambers for discussion beyond the hearing of the jury and consumed the remainder of the day. A ruling as to whether the question will go to the jury for consideration will be given by Judge Hopkins in the morning.

At the hotel of Somerville was classified as "inability of emotions." Physical defects and an impediment in speech, Dr. Krohn said, confirmed his conclusions as to the mental unsoundness of the witness.

Judge Hopkins ordered that the state produce an alienist to examine Somerville tomorrow.

**Complications Arise**

A complicated legal difficulty over the fact that the defense had not objected to Somerville when he was called for testimony by the state. A state law applicable to an insane person is that their competency must be questioned before their testimony is given. The defense argued that in this case the name of the witness was presented by the state at the same session of court at which he was called to the stand, and that in the interim, no opportunity was given the defense counsel to examine the reputation of the witness.

# TIME INOPPORTUNE FOR AIR CONFERENCE

LONDON, July 11. (By A. P.)—It was disclosed in the house of lords tonight that the government thinks the present moment inopportune to initiate an international conference on the limitation of armaments. The house was debating the motion introduced by Lord Gorell, aimed at having Great Britain join with the American government for such a conference. The debate ranged over the whole question of land, sea and air defense, much satisfaction being expressed notably by the speakers for the government at the ratification of the Washington treaties by France.

# BROKER AND CLUB MAN PASSES AWAY

(By The Associated Press)  
CHICAGO, July 11.—William H. Harless, broker and prominent in club and sportsmen's circles, died today in Washington Park hospital where he had been taken a few days ago suffering from blood clot on the lung.

Mr. Harless was an ardent golfer, was for many years secretary of the Western Golf association and at the time of his death was a member of the board of governors of the South Shore Country Club, Olympia Field Country Club and Chicago Athletic association.

# SHIP LIQUOR TANGLE

Washington, July 11.—Confronted with a new problem in the ship liquor tangle by reports of the appearance of intoxicants in the dining saloons of certain government-owned vessels, the shipping board has decided, for the present at least, that it is without authority to interfere with the consumption of private liquor stocks by passengers aboard such vessels.

# POSTMASTER DIES

Decatur, Ill., July 11.—William Weeks, postmaster at Lovington, near here, since last December, died Tuesday night after several weeks illness. He was appointed postmaster to succeed Robert Selby, deceased.

# ERECT GRANDSTAND

Peoria, Ill., July 11.—The contract for a steel and concrete grandstand for the Peoria Exposition was let today to a local firm at a cost of \$41,000. The stands will seat 3,500 and will be ready for the fair this fall.

# NEW APPOINTEE TO HEAD STATE CHARITY BOARD

## Other Changes Made In Illinois State Offices

(By The Associated Press)  
SPRINGFIELD, Ill., July 12.—Former Congressman Edwin B. Brooks of Newton, Jasper county, today was appointed by Governor Small to the position of state superintendent of charities.

He succeeds Lawrence H. Becherer of Kankakee who was named last week as superintendent of purchases and supplies.

Announcement also was made of the retention of three assistant commissioners of the Illinois commerce commission. The men retained are James Clark of Bloomington, Frank Ayers of Chicago and J. Paul Kuhn of Batavia.

The last legislature cut the number of assistant commissioners from eight to three. The other five have been assigned to other positions with the commission, except A. T. Spivey of East St. Louis and Hugh Bailey of Princeton, who have not yet been placed.

E. E. Wise, of Greenville was retained as secretary to Commissioner C. J. Lindley and Robert Warden as secretary to Commissioners Sullivan and Moynihan.

# CHINA'S CABINET VIRTUALLY WRECKED

(By The Associated Press)  
PEKING, July 11.—Chang Ying-Hua, finance minister, resigned today, virtually completing the wrecking of the fragmentary cabinet which has been functioning with a semblance of authority since Premier Chang Shao-Teng left his post some months ago and President Li Yuan-Hung fled to Tientsin shortly afterwards.

Until the finance minister quit office today there had been five members of the cabinet functioning out of a total of nine, this majority giving their acts at least an appearance of regularity. With the number reduced to four, with no president and no premier and the important portfolios of foreign affairs and finance vacant, it is considered doubtful whether the ministerial remnant can continue legally to exist.

# MURDERER OF MAN NOT YET LOCATED

(By The Associated Press)  
JOLIET, Ill., July 11.—The coroner's inquest into the death of Frank Muren, 20 years old, who was found strangled near here Sunday, with a shirt about his neck, was postponed today to give A. Grossman, owner of a store where the shirt was purchased, opportunity to identify the purchaser of the shirt.

Sheriff John G. Walker stated the lot number on the shirt indicated it was bought at Grossman's store.

Several suspects are being questioned by the Sheriff on the theory that a spurned suitor of Miss Margaret Hagerman of Joliet, killed Muren, who was her constant companion.

# ELKS TO ERECT HUGE MEMORIAL

ATLANTA, Ga., July 11.—With the approval of the Grand Lodge of the Benevolent Protective Order of Elks, contracts for the construction of the proposed memorial headquarters building in Chicago will be let within the next few weeks, according to the report of the committee in charge here today. The building will be in the neighborhood of \$3,000,000 and work is expected to be started this year, the report said.

# SALVATION ARMY QUARTERS TO MOVE

Peoria, Ill., July 11.—Announcement was made here today that the divisional headquarters for the Salvation Army in Illinois will be moved here from St. Louis by August 2. The headquarters will do all army work outside of Chicago.

# ATTEMPTS SUICIDE

Chicago, July 11.—Mrs. Sabella Nitti Crudele, sentenced to hang on a charge of murder, attempted to commit suicide in her cell here this morning. She beat her head against the bars of her cell until blood came and tried to choke herself. Only the intervention of the matrons in time prevented her from doing serious injury to herself.

# CHILD STRANGLED

Burlington, Iowa, July 11.—The 11-month old daughter of Mr. and Mrs. Cecil Longshore, living on a farm north of Burlington, strangled to death last night after drinking kerosene that had been left in a water glass.

# America's Aid Wanted In Reparation Work

(By The Associated Press)  
WASHINGTON, July 11.—If Premier Baldwin has decided to suggest American participation in a reparations settlement as hinted in some dispatches from abroad neither American officials nor diplomatic circles here have been advised of the decision.

Heretofore it was pointed out tonight, the allied statesmen have not cared to risk the chance of American refusal of an invitation to take part in a conference on the subject. In view of the attitude of the administration it has been expected here all along that the United States would merely be informed completely as to whatever the British project may be, with the door to American participation left open to take the initiative. So far as revealed here the American attitude remains what it was when Secretary Hughes in a speech at New Haven, some months ago made the suggestion that a conference of economic authorities be organized to determine Germany's capacity to pay and the best methods of payment.

Mr. Hughes made no commitment on the part of the United States government to official participation in such a procedure but hinted that private American enterprise might find it possible to help.

At the state department rigid silence has been maintained by officials with respect to Premier Baldwin's determination to set out an independent policy for his government in dealing with the German reparations situation.

In the absence from London of Ambassador Harvey there is little ground to assume that the Washington government has received any detailed advice as to the cabinet discussions there during the past few days.

Mr. Harvey has prolonged his stay in the United States beyond the date he set originally for his return, but state department officials profess ignorance as to the reason for cancellation of his original sailing plans.

# MOTHER SUICIDES AFTER SHOOTING HER TWO CHILDREN

## Gives Poison, Then Shoots Child in Stomach

(By The Associated Press)  
CASEY, Ill., July 11.—Mrs. Marshall A. Shoemaker, 34, today shot and killed her four year old son, Herschel, before he arose from bed and then forced her eight year old son Paul to swallow several poison tablets after which she shot him in stomach, seriously wounding him, and then turned the gun on herself, dying instantly. It was said at the hospital at Effingham, Ill., where the older lad was taken, that he probably would die.

The younger boy was shot thru the heart, but Paul, with the agony of the poison and the bullet wound, crawled more than a hundred feet to a neighbor's house and between gasps reported the tragedy.

Mrs. John Slusser, mother of Mrs. Shoemaker, witnessed the shooting, but was held at bay with a revolver by her daughter.

Mr. Shoemaker, an oil pumpier, was not at home when the shootings took place.

# WHEAT COUNTRIES HAVE OVER-SUPPLY

(By The Associated Press)  
CHICAGO, July 11.—Reports of excellent wheat weather, bumper crops and immunity of the northwest crop from blackrust sent wheat prices tumbling today to as low as 98¢ for September wheat, the lowest levels since 1914. July wheat's low level 99¢ and December wheat sold at \$1.01 but reacted 1¢ cents at the close.

The four great wheat exporting countries, Canada, Australia, India and United States have more wheat than the importing countries need. This fact, together with the report that Russia has a bumper crop is responsible also for the tumbling price.

Prices on corn and oats slumped in sympathy with wheat but these pits were virtually deserted and transactions were light.

# REVOLUTIONISTS ATTACK ASUNCION

(By The Associated Press)  
BUENOS AIRES, July 11.—July 11.—Revolutionists attacked Asuncion, capital of Paraguay about noon today. The fighting lasted until Tuesday afternoon when the revolutionists were put to flight by government troops. Seventy were killed and 100 wounded in the battle, according to the official report.

**MAY TEACH GERMAN**

Quincy, Ill., July 11.—Instruction in the German language, discontinued during the world war, may return to the curriculum of the Quincy High School. The board of education last night delegated power to Superintendent John H. Steiner to determine the demand and if enough pupils elect to study German, it will be added to the foreign languages course.

# FEDERAL COURT BUSY

Chicago, July 11.—The federal courts for this district during the six months just ended, transacted more than four times the amount of business of any other similar period here, a statement issued today said. Two thousand and ninety cases were disposed of, fines aggregating almost \$300,000 assessed, and jail and prison sentences aggregating more than 176 years imposed.

# HITS TWELFTH HOMER

Detroit, Mich., July 11.—Harry Wellman hit his 12th home run of the season in the first game today's doubleheader with Boston. The drive scored Manush ahead of him.

# NAVAL TREATY AND FOUR PARTY PACT RATIFIED

## French Senate's Action Completes Necessary Steps

(By The Associated Press)  
WASHINGTON, July 11.—The French senate's ratification today of the Washington naval treaty and the four power pact completes the steps necessary to put the agreements into force except for the deposits of ratifications by all the signatories of Washington.

How long it will take for the French formal notice of ratification to reach Washington is not known, nor is it certain how much time will be required for all of the other powers to send here all the papers necessary for the final act of putting the Washington conference agreements into effect. The method of depositing the ratifications into force is provided for in the documents themselves.

**To Scrap Ships**

Various provisions of the treaty take effect at prescribed periods of time calculated from the date of the deposit of ratifications. Vessels of war to be scrapped must be rendered incapable of further warlike service within six months and the scrapping shall be finally effected within 18 months.

The replacement program for capital ships, however, is not dependent upon the date of ratification, but is set forth in a chart fixing the year in which replacement keels may be laid down for each such ship.

**When Effective**

It is provided in the final article of the four power treaty that it shall be ratified as soon as possible and shall take effect on the deposit of ratifications, which shall take place at Washington.

On the same day, under the terms of the article, the Anglo-Japanese alliance, long looked upon with suspicion in the United States, will terminate.

# LAS VEGAS JUDGE RECEIVES THREAT

(By The Associated Press)  
LAS VEGAS, N. M., July 11.—Judge David J. Leahy, presiding in the trial of Carl A. Magee, Albuquerque editor, on charges of contempt, announced in court this afternoon that he had received a threatening letter today signed "K. K. K."

"Today," said Judge Leahy, "I received a threatening letter thru the mails. It was postmarked Las Vegas. This is what it said:

"You old Irish judge, you better go back to Ireland if you don't like this country. You try to send men to jail for telling the truth. I will be in your presence, I am from Texas."

The letter was signed "K. K. K." the judge announced.

# STEEL PRICE RULING

Pittsburgh, Pa., July 11.—Announcement by the Carnegie Steel Company yesterday of an advance in prices will have no effect on the basis price of steel, it was explained at the offices of the company here today. The particular products advanced are known in the trade as "extras," and this list had been in use so long that it was necessary to make adjustments and bring it to the standard of the rest of the industry.

# REPRISALS BEGUN

Paris, July 11.—(By The A. P.)—The French authorities, as a reprisal against the application of the American liquor laws to French vessels are applying the passport rules with the utmost strictness, according to the Paris edition of the New York Herald.

# SENATOR BORAH GIVES OPINION ON REPARATIONS

## Believes We Should Ask for Economic Conference

(By The Associated Press)  
PORTLAND, Ore., July 11.—The league of nations and the world court are impotent in the presence of the Ruhr and the Russian problems and the United States should ask for an economic conference to deal with the reparations situation and take affirmative steps looking ultimately to recognition of the Russian government, it was declared by United States Senator William E. Borah of Idaho in an address here tonight.

The senator was speaking to the convention of the National Federation of Business and Professional Women.

The senator said there could be no peace, no disarmament, no opening of the markets of Europe to the products of American farms without adjustment of the reparations problem and the Russian problem.

**Must Have Adjustment**

"Until these are adjusted," he declared, "we may look for economic disorders and the continuing deepening of human suffering. I agree with Senator Underwood, who has lately returned from a study of these questions on the ground, that we are drifting downstream and can already hear the roar of the rapids. In the presence of these problems, the league and the world court are impotent. They are, in fact, war problems. They spring from the war and are breeders of war. We owe to the cause of peace, to economic health and to humanity to help in the adjustment of the questions."

**Ask for Conference**

"We can help without departing in the slightest from our traditional foreign policy or breaking away from our long established precedent. It seems to me we should ask for an economic conference to deal with the one, and we should start the settlement of the other by affirmative steps looking ultimately to recognition."

"If these are not the proper steps, then let those who oppose such steps specify what we should do. It cannot be possible that we should be content to watch these conditions grow worse and worse until they swell into the deluge of war, or, if not war, then that awful state of economic stagnation and demoralization worse than war—the slow, grinding attrition which subtly undermines civilization. The question which the common people are asking is this:

"Is the statesmanship of the world bankrupt?"

# WHEAT COUNCIL NOW ORGANIZED

(By The Associated Press)  
CHICAGO, July 11.—Completion of the executive organization of the wheat council of the United States, organized under the direction of the National Wheat Council here June 20, was made in a meeting of directors here today.

Sidney Anderson, congressman from Minnesota who was chairman of the conference, was elected president; Harvey J. Schone, Sidiell, Ill., vice president; C. E. Bradfute, president of Farm Bureau Federation, treasurer; Grosvenor Daw, New York, executive vice president, and C. E. Chaffield, secretary.

An announcement outlining the policy and program of the council for the betterment and permanent improvement of the wheat growing industry probably will be made tomorrow, officials said.

# THREE BANKS NOW CLOSED FOLLOWING FIGHT PROMOTION

## Joplin, Montana State Bank Closed its Doors Monday

(By The Associated Press)  
HELENA, Mont., July 11.—The First State Bank of Joplin, (Montana), affiliated with the Stanton Trust & Savings Bank of Great Falls, which closed its doors Monday, has closed its doors also it was disclosed today by L. Q. Skelton, state bank examiner.

The closing of the First State Bank of Shelby, another institution affiliated with the Stanton bank already had been announced.

**Examiner in Charge**

Mr. Skelton returned today from Great Falls, where he took charge of the Stanton bank and from Shelby, where the affairs of the Shelby institution were placed in his hands.

The failure of the Shelby and Joplin banks are generally credited with having hinged on a Great Falls bank's failure due to too heavy withdrawals of deposits as an indirect result of the connection credited to that bank in the mind of the public with financing of the Dempsey-Gibbons fight.

# VALUATION ACT HAS COST IMMENSE SUM

(By The Associated Press)  
MILWAUKEE, Wis., July 11.—Work in the interstate commerce commission under the valuation act has cost the government more than \$23,000,000 and the railroad more than \$62,000,000, although the cost originally was estimated at less than \$2,400,000. President H. E. Byram of the Chicago, Milwaukee & St. Paul railway declared here today before the farm conference called by the Milwaukee association of commerce.

"The chief sponsor of the La Follette valuation act stated before the senate on May 31, 1910 that all the railroads in the country could be valued at an expense not exceeding \$2,400,000," President Byram said, "and that such a valuation would save the country in transportation charges in 12 months more than 150 times the cost of making the valuation of the physical property of the roads."

# WHEAT COUNCIL NOW ORGANIZED

# CART RIDGE WORKS EXPLOSION RESULTS IN TWELVE DEATHS

## Defer Coroner's Inquest Awaiting Outcome to Injured

(By The Associated Press)  
ALTON, Ill., July 11.—With the number of dead in yesterday's explosion at the Western Cartridge company's plant at East Alton, increased today to 12, physicians at St. Joseph hospital in this city were making every effort to save the lives of the 11 seriously hurt who were brought here last night and several of whom are reported to be in a critical condition.

Deputy Coroner Streeter announced today that the inquest into the deaths of the 12 victims would be deferred several days owing to the serious conditions of several women who it is feared may die. In the meantime the investigation begun by officials of the company in an effort to determine the cause of explosion was continued without any satisfactory results.

**Statement of Witnesses**

It has been established by eye witnesses that a flame shot from a machine used for decapping army rifle bullets. The flames followed a sharp report, employees said as though a bullet had been discharged. The actual cause will probably never be known, said J. B. Olin, vice president of the company.

The process of removing the powder from cartridges, Mr. Olin added, had always been considered one of little danger and therefore the cause of yesterday's disaster appeared all the more vexing.

On the other hand employees engaged in that kind of work asserted that cartridges frequently exploded while they were being run thru the decapping process. Mr. Olin was inclined to advance the theory that about 10 pounds of powder had become jammed in the pockets of the machine and were set off in some manner.

**How Death Came**

Of the dead, seven were women and girls and five men. All were employed at the operation of the machines used for salvaging cartridges. The death of these 12 victims was caused by powder burns and fragments from the machines which struck the workers with bullet-like force. All the injured some of whom are badly maimed are being treated with serum in order to prevent tetanus. All the injured were struck by fragments of the shattered machines or were burned by powder and in both instances, physicians say, tetanus is likely to develop unless counteracted by serum.

Funerals will be held here tomorrow for five of the victims while bodies of three others will be sent to distant homes of relatives. The four others are being held pending receipt of word from relatives.

# WOMAN ADMITTED TO MILITARY HOME

(By The Associated Press)  
LEAVENWORTH, Kansas July 11.—An application of Mrs. Gertrude L. Butts of Denver, Colo., for admission to the National Military Home here has been approved by General C. H. Wood, president of the board of managers of national military homes in the United States according to notice received here today by Colonel Sidney Cook, governor of the local home.

Mrs. Butts is the second woman ever admitted to a military home. She is expected to arrive here in a few days from Denver.

She served in the United States navy as a yeoman.

The action of the board is expected to result in several thousand ex-service women being admitted to the national home here which heretofore has been open to men only.

# OPINION DEFINITE ON WINE AND BEER

(By The Associated Press)  
Winnipeg, July 11.—A bill to make legal the sale of light wines and beer with meals in hotels was crushed by voters of Manitoba today, the same voters, who, less than three weeks ago, gave an overwhelming majority in favor of government sale of intoxicating liquors. The vote today was about two to one against the bill sponsored by hotel men.

Now the Smithsonian Institute says that life began on the earth 3,000,000,000 years ago. Will this Bryan-baiting never cease?

Now a third bank has closed its doors as the result of the prize fight at Shelby, Mont., which was not a financial success. Evidently bankers in the northwestern country take chances that would not appeal to bankers here in Illinois.

Senator Borah said recently that he believed in letting the people vote on all questions. This is a fair-minded attitude but even a vote of the people often times does not express the views of the majority. Not until there is some plan devised which will make voting an essential part of citizenship will a vote of the people definitely represent the majority.

Wheat is now quoted at the lowest price since 1914 and local elevators on the present market are able to pay about 84 cents. This is a hard situation for the farmer, whose production cost is greater than he is now receiving from the sale of the grain. At any rate, those who protested so vigorously when a tariff was placed on wheat that it would raise the cost to the consumer, have been thoroughly answered. The price of wheat has gone down almost continuously since the new tariff law became effective.

## COAL-BUYING TIME

Now is an excellent time to buy coal. The government urges the public to do so, and wise citizens will heed the suggestion. Soon the railroads will be fairly swamped in the work of moving farm crops. Coal shipments then will necessarily be greatly reduced. Says the Department of Commerce those who buy coal

in July and August will have no winter worries. Those who do not make a start toward filling their coal bins early will find themselves in the usual rush in the winter.

Three groups would profit by this far-sighted buying. The railroads gain when their transportation calls are more evenly distributed over the 12 months. Miners profit by any movement that makes their job less of a seasonal one. Consumers stand to gain most of all by this foresight.

## BALKAN BARBARISM

The latest accounts of the death of Premier Stambolsky of Bulgaria are illuminating as to the degree of civilization existing in that country.

As the story is told by the former minister of agriculture, M. Offort, Stambolsky took refuge in his own home, and was betrayed by his guard when the reserve officers who formed the nucleus of the revolution, made an attack. Thereupon the premier fled to the village priest, who hid him in the woods. The revolutionists tortured the priest until he confessed, then strangled him to death, caught Stambolsky, killed him with the butts of their rifles, hacked his body into pieces and threw the pieces into the Maritza river.

Imagine anything of that sort occurring to the president of the United States, in the changing of an administration?

That is the Balkans, from which have come so many of Europe's wars. If that part of the world wants ever to be treated with more respectful consideration by the civilized world, it will have to rise above such barbarism.

## MISS HALL MARRIED IN CITY YESTERDAY

Pretty Ceremony Unites Her to Winchester Minister — Rites are Said at Home of Bride's Parents on South Main Street.

In a beautiful ceremony yesterday afternoon the Rev. Clarence Nordling was united in marriage with Miss Mary E. Hall. The wedding took place at the home of the bride's parents, Mr. and Mrs. Albert J. Hall, 839 South Main street at 4 o'clock. The service was said by the Rev. William H. Marbach, pastor of State Street Presbyterian church or which the bride is a member. The double ring ceremony was used.

The bride wore a handsome gown of white Canton crepe and carried a bridal bouquet of white roses. The maid of honor, Miss Hall, wore a gown of peach colored organdie and Miss Graceland's gown was of pale green organdie. Gracia Beth Hall was the dainty little flower girl.

As Miss Calhoun played the wedding music from Lohengrin the wedding party entered the parlor and stood before an embankment of flowers and foliage, ferns and daisies being used with artistic effect. The bride entered with her father and as the service progressed music sounded softly.

Immediate relatives and friends were present for the ceremony and after the congratulations had been extended an elaborate wedding collation was served. All rooms at the disposal of guests had been very prettily decorated and the wedding event was made impressive in every way.

Mrs. Nordling, who is a daughter of a prominent Jacksonville family, graduated from the Waverly high school several years ago and received her degree at Illinois Woman's college in the class of 1923. She is an unusually capable young woman and has the good opinion of a wide circle of friends.

Rev. Mr. Nordling is a son of Mr. and Mrs. H. R. Nordling of Rantoul. After finishing the course at the Rantoul high school he entered Illinois Wesleyan at Bloomington and received his degree. Subsequently he took a three year theological course at Boston university. For several months past he has been the pastor of the Methodist church in Winchester. Although a resident of Winchester for but a few months, Rev. Mr. Nordling has gained the good opinion of the people of his church and in that community in an unusual degree.

Following a brief wedding journey Mr. and Mrs. Nordling will be at home to their friends in Winchester.

Among guests present for the wedding were Mr. and Mrs. Harry Montgomery, Mr. and Mrs. W. H. Montgomery, all of Springfield, and Mrs. Louise Montgomery of Virginia; Miss Mary Elizabeth Roark, Winchester; Misses Lois Alderson, Marian Caruthers and Julia Reesor of Waverly.

## CATALOGUES READY FOR DISTRIBUTION

Premium Lists of Coming County Fair Almost Completed—Much Valuable Information Given in Rules.

The catalogue of the Morgan County Fair Association for the fair which will be held August 28 to 31, inclusive are now almost completed and should be released for distribution within the next few days. On account of added departments and additional information shown the catalogue this year will contain nearly two hundred pages.

A reprint of the section of the catalogue pertaining to entries is given below:

Entries in all departments may be made by addressing the Secretary, Jacksonville, Illinois, or by calling at his office, at the Chamber of Commerce, Jacksonville, Illinois, any time before Saturday, August 25th.

All articles for exhibition must be on the grounds and in place ready for showing by 9 o'clock Tuesday morning, August 28th.

Exhibitors of purebred stock shall furnish the superintendent of the proper department satisfactory proof as to the breeding of the animals on exhibition.

All competing animals shall be exhibited and paraded at the discretion of the superintendents, and any exhibitor failing to comply with this rule shall forfeit any premium awarded his stock. Grand parade of all horses, mules, ponies and cattle on exhibition will take place the last day of the Fair. Exhibitors will please prepare for this parade.

All state and public institutions are invited to exhibit, but shall not be permitted to compete for premiums.

All articles competing for premiums must possess more than ordinary merit. No animal or article deemed unworthy shall be awarded a premium. Judges may award any grade of premium offered according to the merit of the animal or article.

Great care will be used by the officers of the association to prevent loss by theft or injury to animals or articles on exhibition, but in no case will the association become responsible for loss or injury, should any occur.

No animal or article on exhibition can be removed from the grounds before 5 o'clock p. m. Friday, August 31st.

No judge shall be permitted to exhibit and receive premiums in the class in which he acts in said position.

Expert judges will be secured and the association will endeavor to have all awards made by the single judge system as far as practicable.

## HOT, AIN'T IT?

When you're feelin' sort of lazy and your mind won't keep its track, and your thoughts are dim and hazy and you can't persuade 'em back; when you like to sleep or mornin's cause the evenin's are so warm; when you hear the tree-toad's warnin' of a nearin' thunderstorm; when you want to go a-fishin' and jest set back in the shade; when you ketch yourself a-wishin' that you had your pile all made; when your blood is movin' slower and the sweat is on your map; when your neighbor's old lawn-mower wakes you from your mornin' nap; when you can't write a letter, cause you've tried it once or twice; when you feel there's nothin' better than a drink fixed up with ice; when you don't half read your paper cause the items are so tame; when you feel that you could caper cause the home team won the game, or you feel like one demented, if, perchance, the game they lose; when you set around contented at your home, without your shoes; when the birds are singin' louder, and the streets more dusty get; when the women carry powder, tryin' hard to conquer sweat; when the shows and movin' pictures can't begin to pay for light, while the ice cream sody fixtures fizz and sputter every night; when your corns hurt your poor tired toes, and you're wishin' for a breeze; when the kiddies, in their half-hose, amble by with naked knees; when the laddie takes his lassie out a ridin' in his boat, and comes back a-feelin' classy, but with powder on his coat; when all Nature seems more sweet; when the cherries are all ripe; when you slap at a mosquito and destroy your meerschaum pipe; when the sheepskin gaily prances, and the ants begin their stroll; when you'd give your future chances for the good ole swimmin'-hole; when housecleanin' strikes your cottage and with stoves and rugs you toil; when the missus cooks your potage and your pork-and-beans with coll, when you're cravin' sour pickles; when you wish for cooler zones; when the kids beg all your nickles for some pop or ice cream cones; when the frogs begin to holler, and the hummin' birdies hum; then you'll want, to shuck your collar, for Ole Summer's here, by gum.

## WHITE HALL NEWS ITEMS OF INTEREST

W. E. Dickson and Family Return to St. Louis After Visit With Relatives—Clay Industry Dates Far Back—Other News Notes

White Hall, July 11.—W. E. Dickson and family returned to St. Louis Tuesday, after a fourth of July sojourn with his parents, Mr. and Mrs. R. S. Dickson. W. E. is interested in machinery equipment for such plants as the Houchin overall factory. He made several visits to the new plant here, and made the statement on his departure that White Hall may well feel proud of its acquisition of such an institution in the hands of W. F. Houchin, with whom he has had an acquaintance for several years in connection with the overall manufacturing business. Mr. Dickson's statements go even further in indicating that there may be considerable of a development along that line here, and he is in a position to speak authoritatively. The output of the White Hall plant has now reached 600 pairs daily, 30 operatives being employed.

Misses Mina and Sylvia Painter are attending the Baptist summer assembly at Alton in connection with Shurtleff college.

A. H. Schroeder has moved his family from Springfield, having secured the Christian parsonage on Lincoln street, after which he will occupy the Wade property, nearby. Mr. and Mrs. Wade contemplate going to Texas.

S. D. Hudson has arrived from Arkansas City, and it is stated that he is back this time to remain, his household effects being on the way. He is interested in the garage business of his son Al.

The White Hall clay industry dates back to 1826, according to data prepared by Justice E. L. Wendell. Two years later John N. Eldred, who came to Springfield from Columbus, Ohio, in 1825, came to White Hall and also engaged in the manufacture of red ware that he had established on his coming to Springfield.

The article by Justice Wendell traces the development of the clay business to the present large proportions, giving geological facts to prove that the clay is adapted to grades and kinds of clay products not now made from White Hall clay.

## SCOUT CAMP UNDER STRICT DISCIPLINE

Scoutmasters Russell Arundell and J. L. Read of Boy Scouts Troop No. 7, have issued a set of rules and penalties to govern the Troop during their outing at the Rotary Club house. It is not anticipated that there will be any serious misbehavior but the scoutmasters feel that the boys should become accustomed to a set list of rules.

Every boy in order to make this trip with the troop must pledge himself to obey, without hesitation, the following rules:

1. To do willingly everything asked of him by the Scoutmaster, assistant Scoutmaster and patrol leaders.

2. To make all protests to the Scoutmaster personally.

3. To stay within 100 yards of the club house unless by permission of the Scoutmaster or assistant Scoutmaster, and then telling his destination, mission and time of return. He will be required to go in company with a second class Scout or above.

4. To maintain order and reasonable quiet at all times.

5. Not to go in or on the water unless in the presence of the Scoutmaster or assistant Scoutmaster.

6. All Scouts unable to swim at least one hundred yards will be required to attend all swimming classes and remain within water three feet in depth.

7. Come to attention and give the salute of Scout courtesy when approaching to address the Scoutmaster or assistant Scoutmaster.

8. Be able to say grace when called upon at the table.

9. Live up to the rules of the Scout manual at all times.

10. Stay away from the kitchen unless otherwise arranged.

Russell M. Arundell, S. M. Penalties.

1. Improper conduct—First offence, two hours in kitchen; second offence, two hours cleanup; third offence, home at discretion of Scoutmaster.

2. Cursing, smoking or smutty stories—First offence, four hours cleanup; second offence, afternoon work indoors; third offence, sent home.

3. Disobedience—For deliberate disobedience, expulsion from the

troop, and returned home. Misunderstanding not included.

4. Fighting or quarrelling—First offence, two hours in kitchen; second offence, five hours in kitchen and cleanup; third offence sent home.

As Otto Yeakel and family were returning to their home in Bluffs, Sunday evening, and Charles Summers and family were returning home from Winchester the cars driven by the two men collided at the turn in the road east of here. Luckily neither car was going at a high rate of speed and no serious damage resulted. The view at the turn is obstructed by high weeds which no doubt was the main cause of the collision. None of the occupants were injured and the cars were only slightly injured.

The Busy Bee Sunday school class of Woodson will give an ice cream supper Thursday evening, July 12, on the Christian church lawn.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined.

An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend."

Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse, and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., P. O. Box 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

# Red Crown Vaporizes to the Last Drop

To use Red Crown is the essence of economy—not from the standpoint of purchase price alone but from the results earned.

When Red Crown is mixed with air in your carburetor it causes perfect combustion—this means the irreducible minimum of carbon deposit, consequently less fouling of spark plugs—it means less expense for grinding valves—it means a smoother running motor—it means little, if any, pre-ignition. When you use Red Crown

either of money or energy. Every drop is converted into power—clean, sustained usable power. It is obvious that 800° of heat in your cylinder heads under working conditions is all and sufficient to burn the heaviest ends of Red Crown. That is why you get such extraordinary mileage when you have Red Crown in your tank.

## How to build up your Weight

TO be under weight... proves low fighting power in the body. It often means you are minus nerve-power, minus red blood-cells, you begin to become plus. That's why S. S. S., since 1826, has meant to thousands of underweight men and women, plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age line that comes from thinness disappears. You look younger, firmer, happier, and you feel it, too, a new vigor over your body. More red blood cells! S. S. S. will build them.

S. S. S. is sold at all drug stores in two sizes. The larger size is more economical.

Olean, N. Y.—"Every month my blood would go to my head and I would have such a headache, nose bleed, backache and pains that I could not do my work. At night I could not get my rest and nothing seemed to do me any good. I read some of your testimonials about what Lydia E. Pinkham's Vegetable Compound had done for others, so I decided to try it. I had only taken two bottles when I began to feel better, and my back did not hurt me any more, head ache, I felt like a new woman. The Vegetable Compound is a splendid medicine and I will always recommend it."—Mrs. A. D. EARLS, 630 N. 5th St., Olean, N. Y.

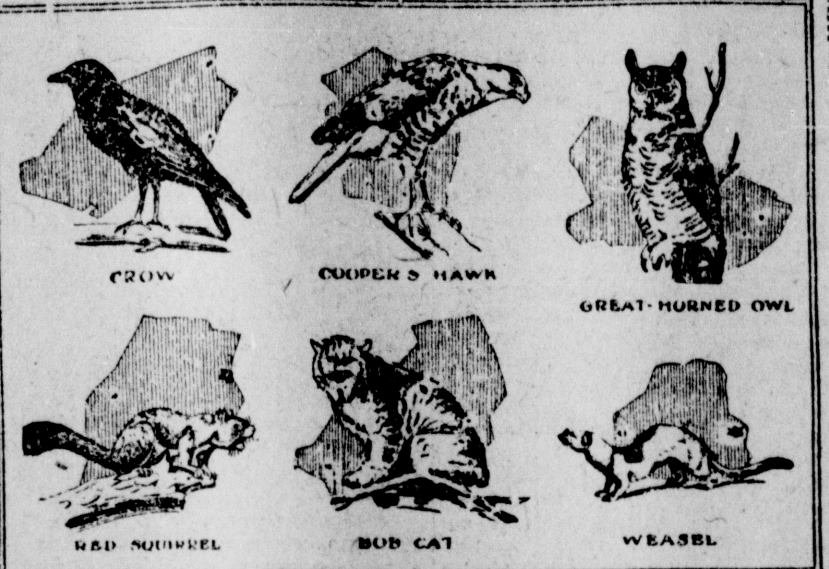

**Mrs. Kelsey Adds Her Testimony**  
Copenhagen, N. Y.—"I read your advertisement in the papers and my husband induced me to take Lydia E. Pinkham's Vegetable Compound to get relief from pains and weakness. I was so weak that I could not walk at times. Now I can do my housework and help my husband out doors, too. I am willing for you to publish this letter."—Mrs. HERBERT KELSEY, R. F. D., Copenhagen, N. ## Sportsmen and Farmers Join In Shooting 'Vermin' to Save Game

### HERE ARE THE GAME-KILLERS!

One birds and animals shown above are among the most voracious that prey on game and young poultry. They hunt in season and out of season and, with others of their kind, annually kill ten times as much game as all the sportsmen in the country combined.

A COUNTRY-WIDE campaign is now on to save the game of the country by keeping down the number of predatory animals and birds which prey on useful species. The Cooper's hawk, sharp-shinned hawk, goshawk and great horned owl, feed almost exclusively on quail, partridge and other game and useful birds. The crow annually destroys millions of the eggs and young of birds, during the nesting season. It has been stated that each crow steals eleven eggs or young of birds during that time.

A red squirrel, it has been estimated, each year eats some 300 of the eggs of useful feathered creatures. The ordinary house cat, when vagrant, is a voracious hunter of useful birds of all species. In fact, naturalists say that the game killing animals and birds account for ten times as much game as all the hunters of the country combined.

The American Game Protective and Propagation Association has issued a call to all game commissioners throughout the country to join in a campaign to shoot the predatory game killers, which are known to sportsmen as "vermin." There has been a general response. Campaigns have already been started or are about to be started in the states of Alabama, Colorado, Connecticut, Delaware, Georgia, Iowa, Kansas, Maryland, Michigan, Missouri, Montana, New York, Ohio, Oregon, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, Washington.

Gun clubs, farmers, individual sportsmen and all lovers of game are being urged at this time to go afield and shoot the marauders whose depredations now are at their worst because the young birds are at their most helpless age. In some states anti-crow and anti-hawk campaigns have been instituted by the authorities. In others, gun clubs are holding anti-vermin contests among their members. In certain states bigger bounties have been declared against certain species of "vermin." The American Game Protective and Propagation Association, backed by the farmers and sportsmen of the country, expects that the results of the shooting of predatory birds and animals, at this time, will be reflected in the fall shooting. If the campaign is successful, more protection than ever will be given game birds of all kinds.

## GERMANY LOST 187 SUBMARINES IN WORLD WAR

WASHINGTON, (By A. P.)—One hundred and seventy-eight German submarines were "lost in action" during the war, according to an official report just received by the Navy Department. The loss in personnel is given as 5,364, of whom 515 were officers. These figures are believed by officials here to be the first authentic information on this subject to be obtained. Four years were consumed, the author of the report asserts, in checking official records and interviewing members of the German admiralty who had charge of under-sea craft.

Depth charges accounted for 37 submarines, fixed mines for 36, fights with enemy submarines 20, engine and other trouble 11, torpedo boats, destroyers and subchasers 13, accidental ramming eight, armed fishing craft six, airplane (bombing) six, and submarine nets six. Twenty-one submarines were demolished or otherwise disposed of to prevent their capture by the enemy. Three were sunk by regular patrol vessels of the enemy, three by armed auxiliaries, two by cruisers and two by artillery fire from the shore.

One was sunk by a liner at the entrance to the British main base of Scapa Flow, the famous U-29 under Capt. Weddigen. A chart accompanying the report shows that 56 of the under-sea boats were lost in the English channel, 26 in the North Sea, 16 in the Mediterranean, 16 on the east coast of England, 12 off the Dutch coast, three near Heligoland, two in Scapa Flow, and the remainder in far-separated spots in the world's oceans.

Of the boats interned before the German fleet was delivered to the allies, the report says, five were sold to Spain and two to H. Land while 14 were demolished.

Inspection of the boats of shipbuilding firms holding contracts showed that 281 submarines had been delivered and 197 were under construction when the armistice was signed.

## RUM RUNNING A FLOURISHING TRADE

Chicago, July 11.—(By The A. P.)—Rum running along the Florida coast has developed into such a flourishing industry that some Florida automobile dealers sell cars specially built to transport liquor, furnish a negro chauffeur and guarantee safe delivery anywhere, the Chicago Daily News declared today in its second of a series of copyrighted articles describing rum running along the Atlantic seaboard.

## POLITICAL PARTY DISSENSION RIFE

St. Paul, Minn., July 11.—(By the A. P.)—Dissension in political ranks which may effect the outcome of the July 16 United States senatorial election in Minnesota was causing concern today among various party leaders.

One of the latest "breaks" was the announcement of Arthur Lesuer, one of the organizers of the non-partisan league and for many years a worker in labor organizations, that he was opposed to the candidacy of Magnus Johnson, farmer-laborite. Lesuer said he was in favor of the principles of the farmer-labor party, but he criticized Mr. Johnson for voting unfavorably while a member of the state legislature, according to Lesuer, on several labor questions.

Mrs. Austin Walk, Mrs. Peter Tsvinger, and Mrs. Marion Cheek journeyed from Milton, Pike County, to the city yesterday.

## NAVY GUNS SILENT AS CONSUL CAME ABOARD

WASHINGTON, (By A. P.)—A problem in naval courtesy has been presented to the department by Capt. E. T. Pollock, governor of American Samoa, and is now awaiting the consideration of a yet unfound Solomon.

What action is proper, Capt. Pollock wants to know, when the navy regulations order a specified salute to an official of a foreign government, and that official urgently requests that it be withheld?

Entering the harbor of Tonga, a native insular kingdom 500 miles away at the same time was deputy commissioner of the Consular Office. As a consul he "rated" 7 guns, as a consul general 11 guns, Capt. Pollock indicated that he was willing to shoot the maximum in the interests of bi-national comity, but was informed courteously yet firmly, that the British government had the question of which salute was proper under consideration, and the resident would be pleased if the matter could be held in abeyance until a decision was reached.

No salute was fired, but Capt. Pollock made a report indicating that the problem was a new one even to an officer of his long experience.

## WILL IS PLACED ON COUNTY RECORDS

Antonio Frank Left Property to Wife for Life—Division Will Later be Made Among Children.

Antonio Frank, whose death at the age of ninety years occurred Saturday, named his wife, Mrs. Louisa Frank, as the executrix of his will, which was made January 6, 1906. It was suggested in the will that Mrs. Frank, who is now ninety-four years of age, shall have the assistance of her son A. F. Frank, in handling the business of the estate.

The residence property on North Fayette street was bequeathed to Mrs. Frank for her lifetime and the same is true of a farm of 160 acres owned by the testator. At the death of Mrs. Frank the property is to be converted into cash and divided among the children.

Personal property was also bequeathed to Mrs. Frank for life, together with \$300 in cash. A bequest of \$50 is made to a sister, Mrs. L. Vieira. The remainder of the cash included in the estate is to be divided equally among the children, Joseph Frank, Antonio Frank, Henry Frank, Effie F. Martin and Pauline T. Gomes.

The will was made a matter of record yesterday in the office of County Clerk Riggs, and one provision is that any heir who does not accept the provisions of the will shall receive only an eighth share of what would otherwise be his or hers under the will as written.

George Kosnick took Sunday dinner with William Hart.

A. J. Fanning spent Sunday with Cal Hart west of Murrayville.

Frank and David Newby of Murrayville spent a few days last week with their grandmother Mrs. Grace Clayton.

J. R. Wilson and Emmett Wells of Jacksonville, Byron Cully of Sinclair and Mr. Crouch of New York very intimate friends of the late C. Dewey Mutch made a friendly call at the home of Mutch's parents Mr. and Mrs. J. T. Mutch recently.

It was with much pride and pleasure Mr. and Mrs. Mutch received their guests. While it brought back many sad thoughts they have the consolation of knowing they were remembered by the young men.

As Edward Loneragan and family were returning home from Murrayville late Saturday evening about a mile south of town the left hind axle of their Maxwell car broke. Fortunately he was going at a slow rate of speed as he had just slowed down to make a turn in the road. No other damage was done.

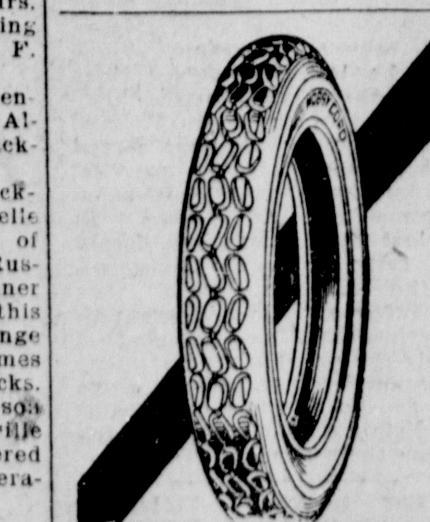

Glenn Straxley and son, S. H. Ash and children, E. G. Jordan and John Maloney were callers at William Hart's Monday evening.

## LEFT FOR NORTH.

Harry Furry, Jr., son of Mr. and Mrs. Harry Furry, of Furry's grocery, left on the "Hummer" this morning for the north. He plans to secure a job on a lake steamer for the summer and will continue that work until Illinois College opens its doors in the fall. The young man was engaged in the same occupation last summer.

A. L. Weeks, of Arenzville transacted business in Jacksonville yesterday.

## COUNTY CENTENNIAL PART OF CHAUTAUQUA

Board Sets August 22 as Old Settlers' and County Anniversary Day—Large Tent Colony Expected to Camp at Park During Week.

Wednesday August 22 has been designated by the Chautauqua directors as Morgan County Centennial and Old Settler's Day. On this day the handsome gold medals will be awarded. One medal to the oldest man resident of Morgan county who registers at the Chautauqua secretary's tent on or before noon of August 22, one medal to the oldest woman resident of Morgan county who registers at the Chautauqua secretary's tent on or before noon of August 22. Persons residing in Morgan, Scott and Cass counties are eligible to these awards as Morgan originally included Scott and Cass counties.

An attractive Morgan County Centennial badge will be presented to all residents of the three counties who have resided in Morgan county territory for 75 years and who register at the Chautauqua secretary's tent on or before Wednesday, August 22.

An attractive program of special interest to Morgan county residents is in course of preparation for that day.

The large Jacksonville Community band has been engaged to play at the Chautauqua and will appear on a program which is filled with other excellent talent during the week of August 17 to 26. The tent colony promises to be one of the largest in the history of the Chautauqua camp, and arrangements are being made by campers to reserve needed space.

Andy Gump, in the person of the famous cartoonist, Sidney Smith, will appear on the program. Another star attraction will be Senator Thomas P. Gore, the blind senator from Oklahoma who will deliver one of his great addresses. Two other star speakers will be Clinton Howard and the famous advocate of world peace Senator Irwin L. Lenroot of Wisconsin.

## SENATORS' HURLERS RECEIVE NO MERCY

Three Browns Hit Homers and McNamara Gets Four Hits—Browns 10, Senators 4.

ST. LOUIS, Mo., July 11.—St. Louis pounded three Washington pitchers hard and made it two straight over the Senators, 10 to 4, today. Williams, McNamara and Schleibner hit home runs and McNamara had four hits in as many times at bat. Right-fielder Rice of the Senators injured his head when he crashed into the right field pavilion in attempting to catch a liner from the bat of Schleibner which went for a home run in the seventh inning.

## INDIANS TAKE TWO IN PRESENT SERIES

CLEVELAND, O. July 11.—Cleveland made it two straight from Philadelphia today, defeating the Athletics 4 to 2. Coveleskie, backed up by brilliant support had the Athletics at his mercy until the ninth inning. Coveleskie also started both Cleveland scoring rallies, each time after two were out and no one on the bases.

Speaker's triple sent in what proved to be the winning runs.

**BOSTON AMERICANS SOLD TO COLUMBUS**  
BOSTON July 11.—The Boston American League baseball club today was sold to a syndicate of Columbus, Ohio, men by Harry H. Frazee, owner of the club since 1916. The completion of the sale and the signing of the contract which has been periodically reported and denied for several months, was announced by Robert F. Quinn, former business manager of the St. Louis American League club, representing the Ohio syndicate. It was announced that legal steps in connection with the contract would not be completed until August 1. Mr. Quinn refused to make public the amount of money involved.

President Ban Johnson, of the American League in confirming the sale of the club, refused to make public the price but said it was over \$1,000,000. He said that Robert Quinn would be president and treasurer of the company to be formed as owners and that Palmer K. Winslow of Cincinnati, would be vice-president.

**HARTSBURG MERCHANTS TO PLAY HERE SUNDAY**  
Manager Frank Smith of the Indians announced yesterday that the Hartsburg Merchants will play here Sunday against the local team. This is evidently a real baseball team as recently in series with the Lincoln Athletics, one of the fastest semi-pro teams in the state, they were able to break even on the games. Sweetney, who last year served them up for the Peoria Three Eye team is their regular hurler, and was good enough to have served another year with that aggregation, but he is under suspension for some infraction of rules. In the last few games the locals have fully redeemed themselves for the imitation baseball they played for a while and are now delivering a quality of goods that is fully the equal of a great many professional games, and the whole team are on this toes every minute, giving the fans a top notch run for their money.

## SENSATIONAL BALL MARKS YANKS GAME

Second Straight Victory for Yanks over White Sox—Score Stands 3 to 1.

CHICAGO, July 11.—Waite Hoyt pitched great ball in the pinches today, his teammates playing sensational ball behind him, while "Red" Faber and Hollis Thurston were hit timely by the Yankees, which resulted in their second straight victory for New York over Chicago today, 3 to 1.

"Babe" Ruth collected four of the hits made by the visitors, while Elmer Smith garnered three.

## FAMOUS GOLFER IS LEADING FIELD

INWOOD, N. Y., July 11.—(By The Associated Press.) MacDonlad Smith, brow scout of San Francisco whose come-back to golfing fame in the British open championship at Troon last month where he finished within two strokes of the title winner earning a place among the stars, led the third day qualifying field for the American open championship on the Inwood Country Club links today with a card of 150. With Walter Hagen, the American expert as a partner, Smith played brilliant game around the 36 holes. Hagen a little off his game took 79 in the morning but he made the first nine of the afternoon round in 36, one under par. On this nine, Hagen putting helped him into the qualifying fold. Twenty of the ninety who started scored 159 or better, enough to qualify.

## TWO TO NOTHING IS CUBS-ROBINS SCORE

Manager Killifer Banished for Protesting a Called Strike—Veteran Alexander Outpitches Dutch Ruether.

BROOKLYN, July 11.—Grover Alexander, veteran right-hander, outpitched Dutch Ruether today and Chicago defeated Brooklyn two to nothing. The Cubs scored their first run in the third on hits by Stutz and Hollocher, a wild throw by Fournier and Grantham's sacrifice fly. Their second in the ninth was the result of O'Farrell's single, Friberg's sacrifice, passes to Miller and Vogel and Hartnett's sacrifice fly. Manager Killifer of Chicago was banished for protesting a called strike.

## Market Report

By The  
Associated  
PressBUTTER STEADY BUT  
TRADING IS QUIET

CHICAGO, July 11.—The but-  
ter market here today was more  
in the buyers' favor and selling  
prices were practically unchang-  
ed but trading was quieter. Top  
and bottom scores were fairly  
well cleaned up but there was  
some surplus of the medium  
which did not move readily.  
Ninety score cars were easier and  
a quarter of a cent lower. Eighty  
nine score cars however, found  
a fair call at 36 1/2 cents, but the  
88 scoring cars again were rather  
hard to sell at the day's price.  
The tone of market was general-  
ly somewhat easier but not many  
of the traders predicted a sharp  
decline.

### FLYING SPLINTER INFLECTS INJURY

When Wood Phillips, was swinging a golf club in the yard of his home on Duncan Place Tuesday evening the club broke and a large splinter off the shaft pierced his right index finger. Dr. H. C. Woltman was called and removed the wood. Mr. Phillips did not seem to be seriously injured, but the removing of the splinter proved painful.

### NEW INSTRUCTORS TO BE AT CONSERVATORY

Illinois College Trustees Announce Appointment of Garnet Hedge to Voice Department and Miss Elizabeth Peck as Instructor in Piano

The trustees of Illinois College have announced two appointments to the faculty of the Conservatory—that of Garnet Hedge to succeed Arnold Lovejoy as head of the Voice Department, and Miss Elizabeth Peck as instructor in piano and organ. The college authorities have taken special pains to secure an instructor of ability and successful experience to take charge of the Voice department.

Mr. Hedge is a graduate of the Des Moines Musical College; has studied with Carlton Hackett in the American Conservatory of Music, Chicago, and with Arthur Berestford of Boston. Mr. Hedge holds the degrees of both Bachelor of Music and Doctor of Music. He has appeared as tenor soloist in tours with the Minneapolis Symphony Orchestra, and with Thomas Orchestra of Chicago. He was for two years Dean of the Department of Music of Huron College, South Dakota, and for seven years head of the Voice Department in the Conservatory of the South Dakota State College at Brookings. For family and business reasons he was obliged to go south a few years ago and more recently has been head of the Voice Department at the Athens School of Athens, Tennessee. This school is affiliated with the University of Chattanooga.

Mr. Hedge is already somewhat known to musical people of Jacksonville, for he appeared as a soloist once under the auspices of the Woman's College during the directorship of Professor Stead and again under the auspices of the Conservatory while Professor Olds was director. Mr. Hedge, like Mr. Lovejoy, is a man of considerable energy, who has had administrative experience and also experience with Glee clubs and community activities in music.

Miss Elizabeth Peck will take up the work formerly done by Miss Pires and Miss Schwewe, and she will also teach elementary organ. She is a graduate of the Tarkio College Conservatory of Music where she has also taught. She was for a year in charge of public school music in Minden, Nebraska, and, for the past three years, has been teaching piano in the American Mission College for Girls, in Cairo, Egypt. This college is conducted under the auspices of the United Presbyterian church. In addition to her teaching experience in Egypt, Miss Peck has traveled extensively in Egypt, Italy and Greece. In addition to her studies at the Tarkio Conservatory Miss Peck has also studied with Harold Henry of Chicago.

### LOCAL RESIDENTS ON WRECKED TRAIN

State Auditor Andrew Russell, William Sooy and Harry T. Strawn were among the passengers on Wabash passenger train No. 12 when it was wrecked Tuesday evening about 12 miles this side of Chicago. Two of the coaches left the rails, the wreck being caused by a broken journal on the tender. Among the passengers were the members of the New York Yankee baseball club, who were travelling to Chicago. Babe Ruth was aboard the train with the team.

### CALHOUN BRANCH OF ALTON IS IMPORTANT

Residents of Three Counties Subscribe Funds for Track Which Will Be Finished This Fall—Work Held Up by Hard Times, but Citizens Determined to Secure Road

It now appears that the extension of the Chicago and Alton railroad from Titus to the Illinois river opposite Hardin, Ill., will be completed by fall. The railroad is now driving the piling for the bridges necessary and will soon be in a position to begin the laying of steel.

This project has held fire for several years. The land owners on the Green and Jersey county side of the river and the residents of Calhoun county guaranteed a certain sum for the erection of this extension, but with the coming of the hard times of 1921-22 and the failure of the apple crop for two years, they were unable to meet their obligations to the railroad. Since then things have improved and the work is being rushed as fast as possible.

The extension will be of inestimable value to all the residents of that vicinity as there are no towns of importance very close and the roads in that section leave much to be desired. The nearest towns are Eldred, 10 miles; Carrollton over 20 miles; and Jerseyville about the same distance. A part of this distance is thru second river bottoms of muck formation. There being no railroads in Calhoun county, the residents have been forced to depend solely on the river as a means of transportation for their products which are principally fruit. On account of lack of competition in river traffic they have been forced to pay an exorbitant freight rate, and as river traffic generally closes from November till April, the inhabitants have been without means of transportation during that period with the exception that they might cross the ferry at Hardin or Kampsville and drive to one of the towns mentioned above, provided the river was in such a condition as to allow crossing with the ferry boat during winter months, a condition which did not always exist on account of floating ice during part of the time. The completion of this extension will not only relieve the present situation in Calhoun county but will furnish passenger and freight transportation for the residents of the west side of Greene and Jersey counties, especially at a time when the roads in that locality are sometimes almost impassable for horse-drawn vehicles.

### SPRINGER HEIRS, INC. TO PUSH CLAIM

Descendants of Carl C. Springer Seek to Show Millions Due His Estate.

Mention has been made before that there is local interest in the organization of the Springer Heir Inc. Years ago a number of Jacksonville families received large bequests from the Springer estate. Now it is claimed that the estate included several thousand acres of land in Delaware a part of which is now the site of Wilmington, and that millions long unpaid are due the estate.

The St. Louis Globe-Democrat yesterday told a meeting of Springer Heirs Inc., at Hotel Statler.

### RECEIVES WORD OF VETERAN'S DEATH

Barlow McIntyre has received word of the death of his old time friend W. A. Willetts, who passed away at the Soldier's Home at Quincy a short time ago. Mr. Willetts was 83 years old at the time of his death. He spent some years in this county especially in the vicinity of Prentice and Yatesville where he was respected as a steady, industrious man. For some years he had lived alone as he was never married but finally failing health caused him to seek a rest in the home.

He was a member of Co K 33rd Ill. Infantry, which was called the school teachers' regiment as many in it came from Normal. It was in that regiment that the late Joseph Williamson, the veteran grocer of this city served during the civil war.

**PROBATE COURT**  
In the estate of Mrs. Jessie Johnson, petition that letters of administration issue to Fred Johnson was allowed.

In the estate of Joseph R. Van Pelt, letters of administration were issued to Wilbur Van Pelt and authority given to settle claims.

In the estate of Thomas Rudkin, of which R. T. Cassel is the executor, schedule was filed for inheritance purposes showing property value of \$8,027.

**LEAVES FOR THE WEST**  
Mrs. Ellen R. Merrill and son Jimmie of Westminster street, left last night for Eldora Colorado, where they will spend the next six weeks. Eldora is located in Boulder county and is not far from Estes park. At the last count there will be 18 Jacksonville people who will spend the summer there. In time the place may become as much of a Jacksonville colony as old Mission, Michigan. Four summer homes are now owned by local people in the Colorado resort.

### PUBLISH BIENNIAL REPORT OF CHAMBER

Twelve-page Booklets Set Forth Activities and Accomplishments of Chamber of Commerce in Past Two Years—Questionnaire Is Sent to Members

The first biennial report of the local Chamber of Commerce came off the press yesterday and is being mailed out to the members of the organization. The report is in booklet form and contains 12 pages of interesting reading. It gives a clear and concise statement of the work mapped out for the Chamber of Commerce for the past two years, and also what has been accomplished in each activity. The goal set and the results obtained are run in parallel columns, so that the reader may see at a glance just what has been done. The committee which had charge in each activity is also given.

The financial report of the Chamber shows a balance in the treasury of \$3,349.98. During the two years the organization has handled nearly \$25,000, and the increase in funds handled during the second year indicates its growth. The books were audited by R. A. Gates.

Along with the copies of the report being sent to the members is going a questionnaire, calling for suggestions as to a new program of work for the coming year. The questions are asked the members and spaces are left for them to write their answers:

1. "What in your opinion as a citizen, is the community project of first importance to be undertaken during the coming year?"

2. "What do you expect the Chamber to do for the promotion of your own business or activity?"

Following is the official roster of the Jacksonville Chamber of Commerce as given in the report:

President—Richard V. Rowe.  
Vice president—J. W. Merrigan.  
Vice president—H. M. Capps.  
Treasurer—E. A. Brennan.  
Secretary—Harold Welch.  
Assistant secretary—L. E. Elliott.  
Directors—E. E. Crabtree, M. L. Pontius, W. E. Sullivan, J. W. Walton, V. R. Riley, John S. Hackett, T. A. Chapin, Henry Frisch.  
Forum committee—Dr. Carl E. Black, president; John J. Reeve, vice president; Dr. C. H. Rammelkamp, vice president.  
Trade extension committee—L. S. Reid, chairman; Fletcher Hopper, vice president; Harry K. Dorr, Arthur Taylor, Louis L. Horen, Charles L. Mathis, Henry J. Smith, William Florenz, Jr., Sherman Dorand, J. Clarence Lukeman.

### FIRE COMMITTEE HAS BEEN NAMED

Citizens Will Co-operate With Council Fire Committee and Department Employees.

The fire committee of the city council recently decided to organize an auxiliary fire committee of citizens to assist in the organization of a volunteer department and to make suggestions for the betterment of the regular department.

Yesterday notices were sent out signed by E. E. Crabtree as mayor and Michael McGinnis, chairman of the city council fire committee, calling for a meeting of the members of the new committee at the chamber of commerce rooms at 4 o'clock this afternoon.

The committee appointed includes the following: Dr. W. P. Duncan, A. C. Metcalf, Carl Hook, Harrison King, Lloyd Reid, Lee Sullivan and Walter DeShara.

As indicated the auxiliary fire committee is being organized largely for advisory purposes and it is the belief of city officials that the efficiency of the department can be increased in this way and further there is the feeling that the plan will work but in a way satisfactory to the regular department.

### ROCK ISLAND MAN ON BUSINESS HERE

Phil Auer of St. Louis, assistant general passenger agent of the Rock Island lines, was a business visitor in Jacksonville yesterday. Mr. Auer is a veteran in the Rock Island service, as he has been with the road for thirty-six years. He said yesterday that travel to the west is heavier this year than has been true for a long period. Mr. Auer spent some time here with D. C. Diltz, who was with the Rock Island when Mr. Auer was a resident of Ft. Worth Texas.

### BEGIN THRESHING TODAY

Threshing will begin today on the farm occupied by F. L. Story, and located just east of Nichols park. The property is owned by Charles Story of this city, who stated yesterday that he expects a yield of 25 bushels to the acre. The machine which will do the threshing is an oil burner and is owned by Leonard Dalton.

Mr. Story said that the oat harvest is on but that the grain will not be as good as it might owing to the fact that the heat has blighted some of it. He noted the presence of a smut, that turns the canvas almost black as the binder goes thru the field.

Dan Ward was a city shopper from Sinclair neighborhood Wednesday.

Will sell at Private Sale Saturday, July 14, between 2 and 4 o'clock, at 131 Hardin avenue, to close an estate, household furniture of all kinds.  
A. L. Black, Admr.

### PLAY TO BE GIVEN AT CLUB MEETING TODAY

Girls to Present "Beauty and the Beast" at meeting of Mound Woman's Club This Afternoon at Home of Mrs. J. T. Gunn.

The Mound Woman's Country club will hold a regular session this afternoon at 2 o'clock at the home of Mrs. J. T. Gunn, west of the city. There is quite a large amount of business to be transacted and a large attendance is hoped for.

An interesting feature of the program this afternoon will be the presentation of a play "Beauty and the Beast," by a group of girls. The cast is given below:

The Beast—Elizabeth Jones.  
Fatima—Margaret Riley.  
Ayesha—Virginia Vasey.  
Zuleika—Zoe Marshall.  
Abou Cassin—Martha Kitter.  
Molkenko—Helen Kitter.  
Added interest will be given the program by Miss Norma Herbig, who will give an account of her recent trip to Europe. Two papers will be presented during the afternoon. Mrs. A. H. Dollear will discuss "Morgan County Poets," and Mrs. R. G. Vasey's theme will be "American Music."

The response to roll call will be by quotations from Morgan county poets. The members and their guests will spend some time socially at the conclusion of the program.
